## „IBERIA BY FORCE“

---

**Swedish melodic hard rockers live in Spain and Portugal from June to November 2023!  
New EP "Extra Force" will be released in September!**

In 2022 Swedish melodic hard rockers H.E.A.T. toured Europe with their album "H.E.A.T II". Fittingly, as the album marks a return of the early days in the bands history there's a significant change in the line up that welcomes original singer Kenny Leckremo back at the microphone to open up another exciting chapter in the band's career. The reunited original members immediately started to work on new material for their numerous fans in Europe, Scandinavia, the UK and Japan: In August 2022 they released their next album "Force Majeure", which was released in August.

H.E.A.T. recently dropped a new song and video – "Will You Be". If that wasn't enough, they also just announced their new LP "Extra Force" (1<sup>st</sup> September 2023) - a collection of new studio tracks, unreleased live recordings, and H.E.A.T classics previously sung by Erik Grönwall now for the first time with original singer Kenny Leckremo on vocals.

From June to November 2023, H.E.A.T. will play several headline and festivals shows in Spain, performing their songs live on stage. The band will also play a show in Lisbon, Portugal in November!

H.E.A.T are:

Kenny Leckremo	– Vocals
Dave Dalone	– Guitar
Jimmy Jay	– Bass
